

# T-PROBE

## CERTIFICATION

1

Your probes have been shipped, you should have them tomorrow. When you log into the dashboard, there is a new button in the top right corner, it is a dashboard selector:

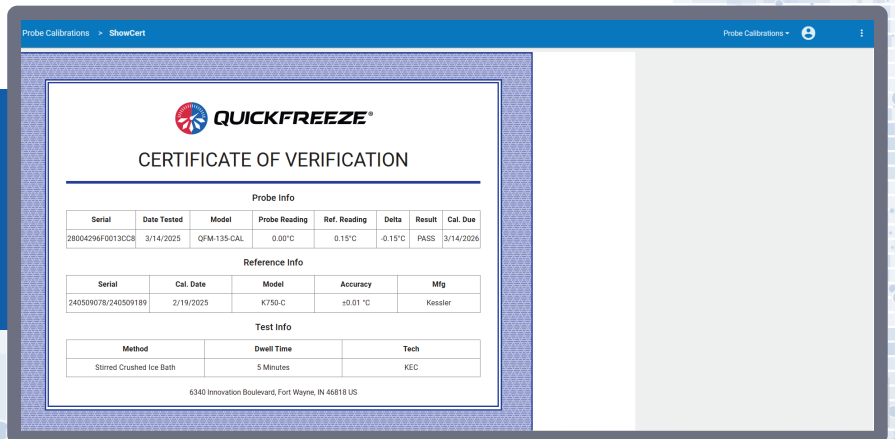

2

When you click the dashboard selector and choose "Probe Calibrations," you will see this:

3

After you select the probe by its serial number, you will see this:

To return to the main dashboard, use the dashboard selector.
